

V-Series Oil Lubricated Rotary Vane

## V-VC 202 / V-VC 303

**Elmo  
Rietschle**  
A Gardner Denver Product

- Compact Design
- Quiet Operation
- Easy to Maintain

The Elmo Rietschle oil lubricated rotary vane pumps have been the favorite choice for a wide range of industrial applications for many years.

We've responded to our market feedback and have incorporated new design features into this successful industry classic, such as:

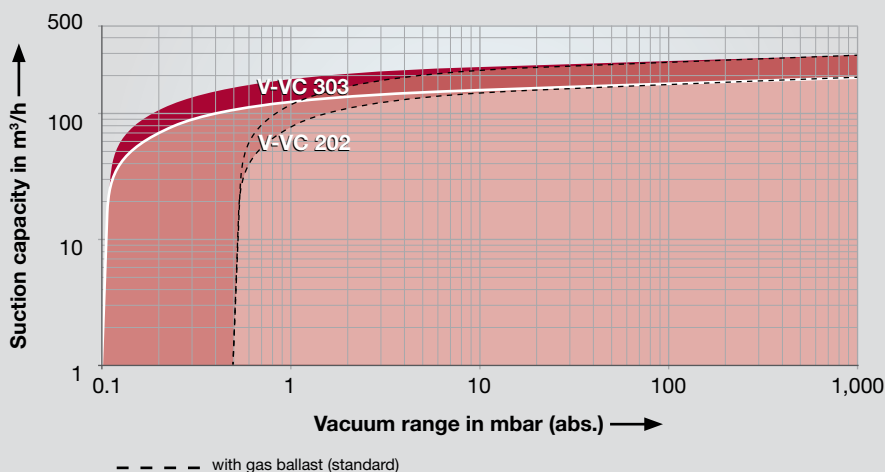

- Smaller footprint
- Low noise level, 73 dB(A)
- Long life aluminum alloy vanes
- New valve technology
- Service access from one side of pump

V-VC

### Performance

## Typical applications

- Central vacuum systems
- CNC Routers
- Environmental
- Food processing
- Industrial applications
- Medical
- Packaging
- Pick and place
- Pneumatic conveying
- Vacuum drying
- Woodworking

## Advantages at a glance

- Long-life aluminum alloy vanes – 5 year warranty
- Compact design – smallest footprint available on the market
- End vacuum 0.1 mbar (abs.) without gas ballast
- End vacuum 0.5 mbar (abs.) with gas ballast (standard)
- O-ring sealed compression chamber
- Mesh filter and return valve integrated in suction port
- All service can be performed from one side

### Options

- Larger gas ballast
- Inlet filter units
- Explosion proof motors

1 Motor | 2 Oil separation | 3 Suction port | 4 Cylinder
